Frontend Developer

Introduction

Hi there! I'm Daniel and I am an enthusiastic Frontend Developer with strong collaboration skills, Adaptability and excellent communication skills. I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques.

Work experience

2020.04.01 - 2020.11.01

Frontend Engineer
Handy.ai

I have created a front-end product for direct personalized communication and connect it to the back end.
Together with the team, we developed a platform for direct marketing communication via SMS and chatbots with powerful data collection.

2018.07.20 - 2020.03.28

Freelance Web Developer
Self Employed

HTML / CSS / Javascript layout

SPA development using javascript libraries such as Vue or React

Development of landing pages and corporate websites

Scripts development

2018.01.15 - 2018.07.18

Javascript Developer
Wayin

It was a startup, the idea was to create a social network based on blockchain technology with cryptocurrency. My tasks were: creating a web interface, developing and supporting custom applications.
